PRINCIPAL'S MESSAGE

Education by its nature is a slow, time-consuming process. It does not end at three in the afternoon; it does not end each spring in May; it does not end... until you do.

Education fails unless the Three R's at one end of the school spectrum lead ultimately to the Four P's at the other - Preparation for Earning; Preparation for Living; Preparation for Understanding; Preparation for Participation in the problems involved in the making of a better world.

Education, to be successful, must not only inform but inspire. The sole purpose of our school is to inspire each of you to do your best each day.

Best Wishes,

E. L. Moss, Jr.
